# **Nevada Revised Statutes – Perfusionist Licensure**

I. “Perfusion” means the performance of functions which are necessary to provide for the support, treatment, measurement or supplementation of a patient’s cardiovascular, circulatory or respiratory system or other organs, or any combination of those activities, and to ensure the safe management of the patient’s physiological functions by monitoring and analyzing the parameters of the patient’s systems or organs under the order and supervision of a physician.

(a) The term includes, without limitation:

1. The use of extracorporeal circulation and any associated therapeutic and diagnostic technologies; and

2. The use of long-term cardiopulmonary support techniques.

(b) As used in this section, “extracorporeal circulation” means the diversion of a patient’s blood through a heart-lung bypass machine or a similar device that assumes the functions of the patient’s heart, lungs, kidney, liver or other organs.

II. “Perfusionist” means a person who is licensed to practice perfusion by the Board.

III. “Temporarily licensed perfusionist” means a person temporarily licensed to practice perfusion by the Board.

IV. To be eligible for licensing by the Board as a perfusionist, an applicant must:

(a) Be a natural person of good moral character;

(c) Submit any required fees;

(d) Have successfully completed a perfusion education program approved by the Board, which must:

(1) Have been approved by the Committee on Allied Health Education and Accreditation of the American Medical Association before June 1, 1994; or

(2) Be a program that has educational standards that are at least as stringent as those established by the Accreditation Committee-Perfusion Education and approved by the Commission of Accreditation of Allied Health Education Programs of the American Medical Association, or its successor;

(e) Pass an examination required by the Board; and

(f) Comply with any other requirements set by the Board.

V. The Board uses the certification examinations given by the American Board of Cardiovascular Perfusion, or its successor, in determining the qualifications for granting a license to practice perfusion.

VI. The Board shall waive the examination required pursuant to paragraph V, for an applicant who at the time of application:

(a) Is licensed as a perfusionist in another state, territory or possession of the United States, if the requirements for licensure are substantially similar to those required by the Board; or

(b) Holds a current certificate as a certified clinical perfusionist issued by the American Board of Cardiovascular Perfusion or its successor before October 1, 2009.

VII. The Board shall issue a license as a perfusionist to each applicant who proves to the satisfaction of the Board that the applicant is qualified for licensure. The license authorizes the applicant to represent himself as a licensed perfusionist and to practice perfusion in the State of Nevada subject to the conditions and limitations of this chapter.

(a) Each licensed perfusionist shall:

(1) Display his current license in a location which is accessible to the public;

(2) Keep a copy of his current license on file at any health care facility where he provides services; and

(3) Notify the Board of any change of address in accordance with NRS 630.254.

(b). As used in this section, “health care facility” means a medical facility or facility for the dependent licensed pursuant to chapter 449 of NRS.

  - (b) If a license has been expired for more than 2 years, a person may not renew or reinstate the license but must apply for a new license and submit to the examination required by the Board.**
  - (c) The Board shall send a notice of renewal to each licensee not later than 60 days before his license expires. The notice must include the amount of the fee for renewal of the license.**

**IX. The Board may issue a temporary license to practice perfusion in this State to a person who has not yet completed the examination required by the Board but who has:**

Because you are applying for the privilege of practicing medicine in Nevada, you should know that our state has some of the most stringent licensing requirements and comprehensive investigation programs in the United States.

Via FBI fingerprinting and other investigative modalities, our licensing specialists are likely to discover if data you have submitted on your application is erroneous or incomplete; therefore, you must answer all questions truthfully and completely. Specifically, this includes any sanctions or disciplinary actions you may have experienced during your training, or any involvement you may have had with the legal system, either civil or criminal — criminal to include charges that may have ultimately been expunged, lessened, or dismissed, and no matter how long ago the event(s) occurred.

Explaining and documenting a problem to your licensing specialist will be much less painful than discussing your veracity before the entire Board of Medical Examiners due to inconsistencies between your application and incongruent input from outside sources.

**ONLY YOU — NOT A LAWYER, DOCTOR, SPOUSE, OR CREDENTIALING COMPANY — ARE RESPONSIBLE FOR READING AND ANSWERING EVERY QUESTION ACCURATELY AND COMPLETELY.**
